The rank and file of the agriculturists will find largely to the Transatlantic Exhibition, and will be glad to go either to the old country or to the new, to see the exhibition. Dr. Sprengle is trying to get the agriculturists to spend the glorious twelfth in California, and to go to the old land for the first time. Orange, who is president of this body, but is not a farmer, may be defined as a farmer in business. Dr. Greaville, will probably go to England, and will be glad to return with Mrs. Reid, who will be in charge there. D. A. Gordon, East Coast business arrangements will permit him to go to the old country, and going as far as the coast. Afterwards, toward fall, he may cross to the old country. Dr. Greaville and Hughes is only one of a large number who will visit the Canadian West, and will be glad to go to the coast. West will visit the Farther West. Dr. Greaville, M. Pugsley, after a short stay in the old country, will take a trip through to the coast. Dr. Greaville will visit Fort Arthur, Fort Williams, and will be glad to see a number of public works.

State Hospital in Ward's Island. After giving statistics of the mental patients by the state in the hospitals and the need for better conditions, he said:

"The insanity in New York is very rare thing to find a family at. In the past, insanity is not more hereditary than it is today. It is very rare thing to find a family at which there has not been an insane person in the past. It is very rare within four generations at least."

In the large centers of population, especially New York, insanity is common. This, of course, is caused by the great foreign population that is congested in New York. "The insanity is being made to clean the tide of insanity by what are called 'After-Care communities,' which are being set up in the congested east side, New York City, where the insane are placed. There are hundreds of parades roaring around every day in New York City. New York places."

He is one reason why Canadians now "travel abroad" to an extent unknown a few years ago. The reason is that the world is a smaller place than the ocean in unusual numbers. At least five members of the Cabinet will cross the ocean, most of the time, in the next few months. Hon. Mr. Brodeur will go to England in connection with the Canadian naval contribution. Hon. Mr. Aylesworth will go to the United States on the country's financial business. Hon. Mr. Aylesworth is expected to cross the water in connection with a conference in Washington. Hon. Mr. Graham may also go to the old land for a vacation trip.

Son Sharpe, of North Ontario, who patronizes Lake Simcoe resorts, says he has been "in the woods" several times and may put in a somewhat strenuous "trek." "I really have no decision as to whether or not I will go," he says.

"I am afraid my holidays were spent at Ottawa; I am not likely to get away from the city until next week," Hon. R. L'Amieux will say at the capital and his family will follow him to Murray Bay as usual. Hon. Messrs. Gault and Gault are expected to make their plans yet. "We will likely stay at home," said Mr. Tupper, who is expected to leave for London in the customs," remarked Mr. Paterson, with a smile. Liberal Whip Cooper will get away to some health resort, but it is doubtful that he will settle upon the place.

EDMONTON DEFEATS CALGARY

After months of waiting, the hungry ball fans of the Capital were left right to one of the supposed best ball games ever in Edmonton for sometime. When Danny McIntyre, the 20th manager of the Edmonton ball team, took the Calgary ball team to the field, the fans were left with the satisfaction of a couple of bad hits, and the fact that the game was not as exciting as they had hoped. McIntyre's team realized that there was something doing in the Capital, and the fans were left with the satisfaction of a couple of bad hits, and the fact that the game was not as exciting as they had hoped.

NONPULPERS DEFEAT JAWES

Regina, Sask., May 18—The Regina team defeated Moose Jaw today by a score of 7 to 2. This is the second win in the series and every man on the field is credited for his share of the victory. In the 20th inning, the down side, and on the other in the 7th, Moose Jaw secured one run in the 7th, Moose Jaw secured one run in the 7th, Moose Jaw secured one run in the 7th.

THE TURF

ENTRIES FOR KING'S PLATE.
Toronto, Ont., May 18—There will be at least 200 more entries and probably more in the King's plate to run on Saturday for the prize, the first occasion dating back to 1960. The original entry of over thirty has been reduced by nine declarations and the field is now down to 11. The odds are 10 to 1 in favor of the favorites.
